About Me

A junior Front End Web Developer with basic graphic designing skills. I'm passionate about expanding my knowledge in the tech field and solving problems. Well-versed in debugging and building responsive and functional websites, with a strong skill set in effective communication and creative thinking, and a background in teamwork and collaboration. Proudly switched my nursing career to something that supports my passions and dreams.

Projects

Dilmun - [DEMO](#) | [CODE](#)

Nov 2022

- Capstone team project built at Re:Coded bootcamp.
- Dilmun allows people to sell, buy, and even donate products with a click of a button. By signing up with either your email, Google, or Facebook account, you'll get to see the world we built in Dilmun.
- This project enhanced my teamwork and problem solving skills.

Firebase Blog - [DEMO](#) | [CODE](#)

Oct 2022

- A project to practice Firebase authentication and firestore.
- A website to write blogs by signing in using your Google account.

OOP Movie Project - [DEMO](#) | [CODE](#)

Sep 2022

- A project to practice object-oriented programming in JavaScript.
- Fetched The Movie DB API to get movie details and actors.
- Worked with a team of 4. This experience taught us how to divide tasks and solve problems.

Education
